

Municipal Revenue Augmentation Platform

End-to-end revenue platform for ULBs covering property tax, trade license, water and advertisement.

50+ ULBs onboarded

3x faster collections

GIS enabled assessment

CLIENT	Housing & Urban Development Dept., Govt. of Odisha
YEAR	2024
DURATION	12 months
CATEGORY	Urban Governance

Problem

CHALLENGE

Urban Local Bodies struggled with siloed legacy systems and revenue leakage.

Solution

APPROACH

Designed a unified municipal platform with citizen portals, payment gateway and GIS-based assessment.

Impact

OUTCOME

Significant uplift in own-source revenue and citizen satisfaction across participating ULBs.
