

# State Institute for Teachers' Language Training

Online portal for the State Institute for Teachers' Language Training programme management.

District-wise rollouts

Assessment workflows

Reporting dashboards

CLIENT	School & Mass Education Dept., Govt. of Odisha
YEAR	2023
DURATION	7 months
CATEGORY	Higher Education

## Problem

### CHALLENGE

Teacher language training programmes were tracked manually across districts with no central visibility.

## Solution

### APPROACH

Built a learner-centric portal with course catalog, schedules, attendance and assessment workflows.

## Impact

### OUTCOME

Unified language training programme operations across the state with district-level dashboards.
